ESNA UC THE MARKET LEADER FOR INNOVATION

Esnatech was honored with Technology Marketing Corporation (TMC) 2008 **TMC Labs Innovation Award**, presented by Unified Communications magazine for our Telephony Office-LinX™ platform that is packaged to meet any size business and budget.

Esnatech is honored to be recognized by TMC LABS as industry leader in Unified Communications. This award goes further to validate the strength of our technology and the value Esnatech delivers to the industry and our customer!

Rich Tehrani, President of TMC had this to say about Esnatech's UC solution:

“Telephony Office-LinX is clearly deserving of recognition for its out-of-box innovation helping to transform the unified communications industry. We're proud to reward Esnatech for their hard work with a Unified Communications.”

Tom Keating, CTO and TMC Labs Editorial Director went on to further say...

“Esnatech has demonstrated a commitment to quality, and a commitment to the further development of the unified communications industry through the development of Telephony Office-LinX. Esnatech deserves this great honor, and I look forward to seeing other innovative solutions from them as they continue to contribute to the future of unified communications industry.”

The TMC Labs Innovation Awards honor products that demonstrate raw innovation, unique features, and significant contributions toward improving communications technology. The TMC Labs Innovation Awards are not granted only to the best-selling products, but instead to those demonstrating a significant contribution to the industry.
